## == Now Available! Three New DLC Packs Released Today ==

We are excited to announce the release of three new DLC packs today: the pixel art asset collection "Mokemo Factory MONSTER PIXEL PACK Vol.4", featuring unique battle monsters; the nostalgic RPG-style BGM pack "Classic RPG Music Pack"; and the 3D model set "House Builder Pack Asian Style", which lets you freely assemble medieval Asian-style buildings.

To celebrate the launch, all three DLCs will be available at a 10% discount until Thursday, July 10, 2025, at 10:00 AM (PDT). Don't miss this special opportunity!

### ◆DLC Release Overview – June 26, 2025

#### ◆Launch Discount:

Period: Thursday, June 26, 2025 – Thursday, July 10, 2025, 10:00 AM (PDT)

Discount: 10% OFF

#### ◆RPG Developer Bakin Mokemo Factory MONSTER PIXEL PACK Vol.4

The fourth volume of pixel artist Mokemo's battle monster series is now available. This latest collection features 20 uniquely designed monsters, each with their own imaginative backstory—ranging from eerie beings from another realm, sentient fruits brimming with emotion, and thunder-dancing birds, to shadows cursed by love. Whether as powerful enemies that challenge the player or as key figures guiding the story, these distinct pixel-art creatures will bring new depth and color to your game's world. Let your imagination take flight with these bold and vibrant additions.

- Price: \$15.99 USD
- Steam Store: <https://store.steampowered.com/app/3748420/>
- Trailer: <https://youtu.be/3f7TSWoji3Q>

#### ◆RPG Developer Bakin Classic RPG Music Pack

This BGM pack captures the nostalgic atmosphere of classic RPGs, evoking the soundscapes of the 16-bit and early 32-bit eras. It includes a wide range of tracks to bring your game scenes to life—from emotional village themes and ominous dungeon music to environmental tracks for snowy fields and volcanoes, and even tense, dramatic boss battle themes. Covering everything from the opening of a story to its climax and ending, these memorable melodies and retro-inspired tones create a deep sense of immersion and emotion for players.

While designed with RPGs in mind, this pack is also well suited for adventure, simulation, and other genres. It's the perfect choice for creators looking to add that classic game feel to their projects.

- Price: \$14.99 USD

#### ◆RPG Developer Bakin House Builder Pack Asian Style

This modular 3D resource pack allows you to freely combine parts to build a wide variety of medieval Asian-style houses. The included parts are carefully categorized—walls, floors, roofs, pillars, windows, doors, and more—making it easy to construct everything from simple homes and multi-story buildings to grand residences. By utilizing the “subgraphic” feature, creators can customize structures with even greater detail and flexibility.

The pack also includes prefabricated models made from preassembled parts, allowing you to quickly get started with house building using ready-made templates as a base.

- Price: \$19.99 USD

## About SmileBoom

The company is a game development company based in Sapporo, Japan. Since its establishment in 2008, the company has continued to create "amusing games that will make anyone smile" and "tools for future creators" for young people, such as the "SmileBASIC" series for powerful high-speed programming on consumer hardware and "Smile Game Builder" for easy 3DRPG creation tool on PC. On the other hand, as a development team with unique sensibilities and advanced skills, we have developed and assisted in the development of major titles and experimental efforts for many major developers. The development team has a wide range of experience and a wealth of ideas ranging from 8-bit PCs to the latest game consoles.
